

Griffin Hayes LLC

A Veteran Owned Small Business

Capabilities Statement

Griffin Hayes is a Consulting and Program Development firm bringing competence and effectiveness to a range of projects and requirements. We provide **Research, Analysis, Reporting, and Implementation** in the **Operational, Financial, Technical, and Scientific** sectors. We are contractors to State and Local Government entities; responding to proposal requests, partnering with other firms, and developing offerings in-house.

We were formed expressly to be environmentally positive, add real value to our local and global community, and be a mechanism for the inclusive development of young people.

Core Competencies

- Joining a broad knowledge base and extensive skillsets to maximize effectiveness in all areas
- A network of professionals to get the best people for the task at hand
- Experts in the most current tools and methodologies
- PMP Certified Personnel
- AICPA Government and Non-Profit Certified
- AICPA Internal Controls and Governance Certified

Why Griffin Hayes?

Our core values are **integrity, inclusiveness, transparency, and clear communication**. It's about equitable, sustainable **excellence**, and that's what sets us apart. We create amazing solutions that **benefit** the client directly, and incorporate methodologies that benefit **society** and the **environment**.

Personnel Qualifications

- Over 10 years of experience in management of global, cross-functional teams and projects
- Experience with a variety of software and environments
- 3 years social profit company experience
